Sommario/riassunto	How can video games be fun and immerse players in fantastic worlds where anything seems possible? How can they be so engaging to have become the main entertainment product for children and adults alike? In On the Way to Fun, the author proposes a possible answer to these questions by going back to the roots of gaming and showing how early games, as well as modern indie productions, captivated generations of players even without the need for fancy graphics and effects but by relying on basic emotions and instincts instead. This book will be most beneficial to aspiring and beginning game designe

Sommario/riassunto	Qu'est-ce que la sexualité? ? Quand et comment est-elle apparue ? Quels sont les principaux traits de son évolution ? Fort de sa compétence en génétique et en biologie évolutive, Jean Générmont propose des réponses et des pistes de réflexion issues de ses propres travaux, tout en s'appuyant sur de nombreux exemples pris aussi bien chez les animaux que chez les plantes terrestres.
