Queensland and its Fitzgerald Origins; Chapter 13 - Global Lessons
From Fitzgerald: From State and National to Global Integrity Systems;
List of Contributors; Index; Back cover

Sommario/riassunto

The Queensland Government Commission of Inquiry into Possible Illegal Activities and Associated Police Misconduct, commonly referred to as the Fitzgerald Inquiry, lasted for two years. Its findings and recommendations, tabled in Parliament in May 1989, continue to have a significant effect on many aspects of public life in Queensland and beyond. This edited collection recalls the events that led up to the Fitzgerald Inquiry and examines the extraordinary influence the 'watershed' inquiry has had on police and public sector reform at the state, national and international levels.
