Panauditory surveillance and its fragility: "A King Listens"Sexuality, confession, and the sensualization of power; Multitudes and noise-abatement; The liberal governmentality, homo œconomicus, and the threat of noise; 3 Voices of care, friendship, and parresia; Care of the self and the interior voice; Education, sonorous power, and the struggle of voices; The musical event: Foucault and Boulez; Music and the politics of friendship; Parresia and the voice of the crowd: auditory-sonorous politics in the final College de France lectures; Conclusion: historicizing and politicizing our ears

Sommario/riassunto

The issue of the senses and sensual perception in Michel Foucault's thought has been a source of prolific discussion already for quite some time. Often, Foucault has been accused of overemphasizing the centrality of sight, and has been portrayed as yet another thinker representative of Western ocularcentricism. This innovative new work seeks to challenge this portrait by presenting an alternative view of Foucault as a thinker for whom the sound, voice, hearing, and listening, the auditory-sonorous, actually did matter.
