Sommario/riassunto	Newly revised by the author (1956), this text-book for beginning students is also designed for general readers who want to know what economics is and how economists think. It analyses the size and composition of the wage-earner in modern industry, Canadian public policy in relation to combines, and the the social problems of the special problems of the Canadian wheat-growing and newsprint industries. "...an interesting, instructive, and valuable book full of essential information.";
