Sublunar World In Aristotle, Alexander Of Aphrodisias, And Averroes / Gad Freudenthal -- Aristotle's De Caelo: A Bibliography / A. Bowen and C. Wildberg -- Index Of Passages Cited / A. Bowen and C. Wildberg -- Index Of Subjects / A. Bowen and C. Wildberg -- Index Of Modern Authors / A. Bowen and C. Wildberg -- Index Of Ancient And Medieval Authors / A. Bowen and C. Wildberg.

Sommario/riassunto

This volume is the first collection of scholarly articles in any modern language devoted to Aristotle's De caelo . It grew out of series of workshops held at Princeton, Cambridge, and Paris in the late 1990's. Since Aristotle's De caelo had a major influence on cosmological thinking until the time of Galileo and Kepler and helped to shape the way in which Western civilization imagined its natural environment and place at the center of the universe, familiarity with the main doctrines of the De caelo is a prerequisite for an understanding of much of the thought and culture of antiquity and the Middle Ages. This book is also available in paperback.
