Sommario/riassunto	In China, 'The Maguai Festival' of the Zhuang People literally means 'worshipping frog to pray for peace, harmony, and a good harvest for the upcoming year,' since the frog is deemed an incarnation of gods. This book introduces the cultural background of the Zhuang people, along with the origin, development, and dissemination of the Maguai Festival. This ethnic minority has a comparably large population in China and its culture is an important part of Chinese civilization. The Zhuang people have a unique lifestyle, including ethnic costumes, folk

singing and dancing, special cuisine, and indig

Sommario/riassunto	Assessment and monitoring are fundamental aspects of the care of the acutely ill child, especially in high dependency areas and critical care units. Clinical Assessment and Monitoring in Children is a practical, introductory guide which provides detailed information on assessment and monitoring techniques, including physical assessment, physiological monitoring and an appraisal of additional assessment

tools to enable practitioners to develop effective skills. The book adopts a physical systems approach, discusses assessment strategies and tools (starting with the least invasive and mov
