

1. Record Nr.	UNINA9910460364703321
Titolo	Design of latticed steel transmission structures / / American Society of Civil Engineers
Pubbl/distr/stampa	Reston, Virginia : , : American Society of Civil Engineers, , 2015 ©2015
ISBN	0-7844-7870-8
Descrizione fisica	1 online resource (90 p.)
Collana	ASCE Standards
Disciplina	621.319/22
Soggetti	Electric lines - Poles and towers - Design and construction - Standards Steel framing (Building) - Standards Steel, Structural Lattice theory Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"This document uses both the International System of Units (SI) and customary units." "ASCE/SEI 10-15."
Nota di bibliografia	Includes bibliographical references and index.
