Sommario/riassunto	Management and organisation literature often characterises managing in Africa as 'the challenge of' and rarely do scholars look to the continent for novel ideas, inspiration, best practice, or theoretical insights. Yet, in the last five years or so, the African organisational landscape has witnessed substantial transformation and renewal. While challenges of course remain, we now have a better understanding of the nature, scope and extent of management practices and the role of theory in unpacking these practices than we did a decade ago. The papers that constitute this eBook were selected from
