

1. Record Nr.	UNINA9910461802003321
Autore	Stewart-Steinberg Suzanne
Titolo	Impious fidelity [[electronic resource] ] : Anna Freud, psychoanalysis, politics / / Suzanne Stewart-Steinberg
Pubbl/distr/stampa	Ithaca, : Cornell University Press, 2012
ISBN	0-8014-6334-3 0-8014-6333-5
Descrizione fisica	1 online resource (256 p.)
Disciplina	150.19/52092
Soggetti	Psychoanalysis - Political aspects Psychoanalysis - History Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Frontmatter -- Contents -- Acknowledgments -- Introduction -- 1. A Wider Social Stage -- 2. Girls Will Be Boys: Gender, Envy, and the Freudian Social Contract -- 3. Anna-Antigone: Experiments in Group Upbringing -- 4. The Defense of Psychoanalysis. The Anxiety of Politics -- Conclusion: Ego Politics -- Bibliography -- Index
Sommario/riassunto	In <i>Impious Fidelity</i> , Suzanne Stewart-Steinberg investigates the legacy of Anna Freud at the intersection between psychoanalysis as a mode of thinking and theorizing and its existence as a political entity. Stewart-Steinberg argues that because Anna Freud inherited and guided her father's psychoanalytic project as an institution, analysis of her thought is critical to our understanding of the relationship between the psychoanalytic and the political. This is particularly the case given that many psychoanalysts and historians of psychiatry charge that Anna Freud's emphasis on defending the supremacy of the ego against unconscious drives betrayed her father's work. Are the unconscious and the psychoanalytic project itself at odds with the stable ego deemed necessary to a democratic politics? Hannah Arendt famously (and influentially) argued that they are. But Stewart-Steinberg maintains that Anna Freud's critics (particularly disciples of Melanie Klein) have simplified her thought and misconstrued her legacy. Stewart-Steinberg

looks at Anna Freud's work with wartime orphans, seeing that they developed subjectivity not by vertical (through the father) but by lateral, social ties. This led Anna Freud to revise her father's emphasis on Oedipal sexuality and to posit a revision of psychoanalysis that renders it compatible with democratic theory and practice. Stewart-Steinberg gives us an Anna Freud who "betrays" the father even as she protects his legacy and continues his work in a new key.

2. Record Nr.	UNINA9910460399203321
Titolo	To reach the high frontier : a history of U.S. launch vehicles // edited by Roger D. Launius and Dennis R. Jenkins
Pubbl/distr/stampa	Lexington, Kentucky : , : The University Press of Kentucky, , 2002 ©2002
ISBN	0-8131-4807-3
Descrizione fisica	1 online resource (528 p.)
Disciplina	629.47/5
Soggetti	Launch vehicles (Astronautics) - United States - History Rocketry - United States - History Electronic books.
Lingua di pubblicazione	Inglese

## Sommario/riassunto

Access -- no single word better describes the primary concern of the exploration and development of space. Every participant in space activities -- civil, military, scientific, or commercial -- needs affordable, reliable, frequent, and flexible access to space. To Reach the High Frontier details the histories of the various space access vehicles developed in the United States since the birth of the space age in 1957. Each case study has been written by a specialist knowledgeable about the vehicle described and places each system in the larger context of the history of spaceflight. The technic
