'Significant readings' -- Appendix II -- Bibliography -- Index of biblical citations -- Index of manuscripts -- Index of names and subjects -- Index of words -- Plates
Sommario/riassunto	The Gothic version of the New Testament is the oldest extant writing in a Germanic language and one of the earliest translations from the Greek. This volume offers a re-examination of fundamental questions concerning the historical and cultural context in which the version was prepared, the codicology of the manuscripts, and the value of the

Gothic text for the reconstruction of the underlying Greek, together with a history of text-critical research and a new evaluation of the significance of the Gothic text in the light of current New Testament textual criticism.

2. Record Nr.	UNISA996394219903316
Autore	Hall Joseph <1574-1656.>
