Objectification, Reification, Subjectification: Historical Ontology and Social Criticism -- Notes -- Works Cited -- Index |
| | Sommario/riassunto | Martin Heidegger and Michel Foucault are two of the most important and influential thinkers of the twentieth century. Each has spawned volumes of secondary literature and sparked fierce, polarizing debates, particularly about the relationship between philosophy and politics. And yet, to date there exists almost no work that presents a systematic and comprehensive engagement of the two in relation to one another. The World of Freedom addresses this lacuna.Neither apology nor |
