Sommario/riassunto	This is an original and innovative study of mobile phones in Africa from a theological perspective. The First and the Second Special Assemblies for Africa of the Synod of Bishops, held in Rome in 1994 and 2009 respectively, made an urgent appeal to the Church in Africa to employ various media forms of social communications for evangelization and the promotion of justice and peace. Evidently, electronic media are now increasingly used for evangelization across Africa. The proliferation of the mobile phone in Africa is a most welcome development to this end. On the basis of a thorough review of
