### Sommario/riassunto

Presents the latest research in Egyptology on the theme of Ancient Egypt in a Global World  
This selection of 23 papers from the 15th annual Current Research in Egyptology symposium addresses the interregional and interdisciplinary theme of 'Ancient Egypt in a Global World'. This theme works on a number of levels highlighting the current global nature of Egyptological research and it places ancient Egypt in the wider ancient world. The first section presents the results of recent excavations, including in the western Valley of the Kings and analysis of the structures, construction techniques, foo
