Sommario/riassunto

This third volume of Essays in the History of Canadian Law presents thoroughly researched, original essays in Nova Scotian legal history. An introduction by the editors is followed by ten essays grouped into four main areas of study. The first is the legal system as a whole: essays in this section discuss the juridical failure of the Annapolis regime, present a collective biography of the province's superior court judiciary to 1900, and examine the property rights of married women in the nineteenth century. The second section deals with criminal law, exploring vagrancy laws in Halifax in the late nineteenth century, aspects of prisons and punishments before 1880, and female petty crime in Halifax. The third section, on family law, examines the issues of divorce from 1750 to 1890 and child custody from 1866 to 1910. Finally, two essays relate to law and the economy: one examines the Mines Arbitration Act of 1888; the other considers the question of private property and public resources in the context of the administrative control of water in Nova Scotia.

Arbitrary State Action and Politics; Civil Liberties Resources; Index

Sommario/riassunto

This book covers documents and related information pertaining to civil liberties in America, including the debates over arbitrary state action, due process, equal protection, freedom of speech, and privacy issues. The USA PATRIOT Act, the actions and free speech of the Ku Klux Klan, and the use of privately owned devices with GPS by law enforcement are all highly controversial topics that fall under the blanket of civil liberties and federal or state authority--subjects that are important to most Americans. This book provides a comprehensive examination of arbitrary state action post-September 11, 2001, combining detailed examinations of specific legislation with watershed coverage of issues such as freedom of speech, press, and religion as well as various aspects of criminal law and procedure. This text presents documents from Britain, the American colonial period, the Founding period, and the modern era, including recent Supreme Court cases. The author provides an accompanying analysis of each document, providing insightful historical context and ramifications of the decisions and the laws passed.
