Sommario/riassunto	In the second half of the nineteenth century, an epic race was underway in some of the most brutal stretches on the planet. Explorers from

around the world hoped to stake their claim on the Arctic, with the North Pole being the ultimate prize. Those with the greatest success found that the fastest way to travel was on four legs-using a team of hardworking sledge dogs.Harnessed to the Pole follows the adventures of eight American explorers and their dog teams, starting with Elisha Kent Kane and ending with Robert Peary, controversial claimant of the title of first to reach the North Pole. While
