## Sommario/riassunto

The title of this book borrows from two distinguished scientists: Steven Weinberg describes the developments of the first three minutes of the universe following the explosion of the "Big Bang" 13.8 billion years ago; Paul Davis describes the final subsidence of the universe into entropy and heat death. The Ultimate Three Minutes: The Story of Two Great Human Watersheds-Their Preparation and Their Coinciding provides a humanitarian parallel. The title embodies a value judgement, namely the need of the human race for redemption, and the achievement of that redemption by Jesus Christ, the Anoint
