

1. Record Nr.	UNINA9910460635203321
Titolo	Works in stone : contemporary perspectives on lithic analysis // edited by Michael J. Shott
Pubbl/distr/stampa	Salt Lake City : , : The University of Utah Press, , [2015] ©2015
ISBN	1-60781-383-1
Descrizione fisica	1 online resource (237 p.)
Disciplina	763/.22
Soggetti	Stone implements - Analysis Tools, Prehistoric - Analysis Projectile points - Analysis Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Works in stone: contemporary perspectives on lithic analysis / Michael J. Shott -- The problems with flake types and the case for attribute analysis of debitage assemblages / Jim A. Railey and Eric J. Gonzales -- Timescales and variability in hominin technological strategies in the Jordan Rift Valley: what difference does 1.3 million years make? / John J. Shea -- Flake selection, assemblage variability, and technological organization / Simon Holdaway, Matthew Douglass, and Rebecca Phillipps -- Comparing forager and pastoralist technological organization in the Central Namib Desert, Western Namibia / Grant S. McCall and Rachel A. Horowitz -- Hafted woodworking tools from an upper paleolithic site in Northern China: prehensile wear experiments and archaeological implications / Chen Shen, Xiaoling Zhang, Jingfang Zhao, Yanhua Song, Hong Chen, and Xing Gao -- Toward a more behavioral approach: the contribution of wear studies / Veerle Rots -- Function and value in sickle segment analysis: odellian perspectives / Steven A. Rosen, Aaron Shugar, and Jacob Vardi -- "There is the tool and the way of using it": quina scrapers and their retouches / Sylvie Beyries and Philippe Walter -- Dynamic variables and the use-related reduction of Huron projectile points / Harry J. Lerner -- Artifactual and

environment-related variations in Fuego-Patagonia (Argentina):
assessing the role of different factors / Marcelo Cardillo, Judith Charlin,
and Karen Borrazzo -- The evolution of old cordilleran core technology
/ Anna M. Prentiss, James C. Chatters, Randall R. Skelton, and Matthew
Walsh -- Squeezing life from stones: the human side of replication
experiments / John E. Clark and James C. Woods.
