Soggetti	H1N1 influenza Influenza - Prevention Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Sommario/riassunto	This text draws lessons from the public health system's response to the influenza pandemic, offering a collection of chapters that are highly relevant to all public health emergencies. Not simply a historical case study, this analysis employs a systems perspective that encompasses both government health agencies and community-based entities such as care providers, schools, and media.
