Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Mars' graphic and often vivid narrative can be read simply as the anecdotal memoirs of an anthropologist. The experiences he recounts are sometimes hilarious, touch occasionally on the dangerous, and are always sensitively and expertly explored. But for those who want to know more, the book's expansive footnotes and references to key sources also offer a stimulating introduction to social anthropology, its theories and its methods. Mars begins by describing his childhood life in a tightly structured working class community during World War Two. He then contrasts this with an account of the

Sommario/riassunto	Accessible to non-specialists and researchers interested in ethnography, this volume offers an introduction into the uses of anthropology for engaging contemporary social issues. The editors' essay surveys the development of anthropological research from its early exotic, non-Western focus to today's debate over increasingly engaged approaches within a globalized society. The case studies utilize anthropology's hallmark ethnographic methodology to address issues ranging from refugee reception and recognition to fair trade, intercultural education, and encounters with Gypsy populations.
