Sommario/riassunto	The Literary Agenda is a series of short polemical monographs about the importance of literature and of reading in the wider world and about the state of literary education inside schools and universities. The category of 'the literary' has always been contentious. What is clear, however, is how increasingly it is dismissed or is unrecognised as a way of thinking or an arena for thought. It is sceptically challenged from within, for example, by the sometimesrival claims of cultural history, contextualized explanation, or media studies. It is shaken from without by even greater pressures: by ec

Sommario/riassunto	Adam Smith was a famous economist and moral philosopher. This book treats Smith also as a systematic philosopher with a distinct epistemology, an original theory of the passions, and a surprising philosophy mind. The author argues that there is a close, moral connection between Smith's systematic thought and his policy recommendations.
