Autore	Lerner Paul Frederick
Titolo	The consuming temple : Jews, department stores, and the consumer revolution in Germany, 1880-1940 // Paul Lerner
Pubbl/distr/stampa	Ithaca : , : Cornell University Press, , 2015
ISBN	1-5017-0011-1
Descrizione fisica	1 online resource (281 p.)
Disciplina	339.4/7094309034
Soggetti	Consumption (Economics) - Germany - History Consumer behavior - Germany - History Department stores - Germany - History Jews - Germany - Social conditions - 19th century Jews - Germany - Social conditions - 20th century Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Jerusalem's terrain: the department store and its discontents in imperial Germany -- Dream worlds in motion: circulation, cosmopolitanism, and the Jewish question -- Uncanny encounters: the Thief, the Shop Girl, and the Department Store King -- Beyond the consuming temple: Jewish dissimilation and consumer modernity in provincial Germany -- The consuming fire: fantasies of destruction in German politics and culture.
Sommario/riassunto	Department stores in Germany, like their predecessors in France, Britain, and the United States, generated great excitement when they appeared at the end of the nineteenth century. Their sumptuous displays, abundant products, architectural innovations, and prodigious scale inspired widespread fascination and even awe; at the same time, however, many Germans also greeted the rise of the department store with considerable unease. In The Consuming Temple, Paul Lerner explores the complex German reaction to department stores and the widespread belief that they posed hidden dangers both to the individuals, especially women, who frequented them and to the nation as a whole. Drawing on fiction, political propaganda, commercial

archives, visual culture, and economic writings, Lerner provides multiple perspectives on the department store, placing it in architectural, gender-historical, commercial, and psychiatric contexts. Noting that Jewish entrepreneurs founded most German department stores, he argues that Jews and "Jewishness" stood at the center of the consumer culture debate from the 1880s, when the stores first appeared, through the latter 1930s, when they were "Aryanized" by the Nazis. German responses to consumer culture and the Jewish question were deeply interwoven, and the "Jewish department store," framed as an alternative and threatening secular temple, a shrine to commerce and greed, was held responsible for fundamental changes that transformed urban experience and challenged national traditions in Germany's turbulent twentieth century.
