Sommario/riassunto	The little data book on Private Sector Development 2015 is a reliable cross-country data on aspects of private sector development, crucial in planning for economic recovery and growth. In targeting increased exports and investment, many governments prioritize an improved climate for business as a basis to attract capital, create jobs, and provide basic services. The availability of cross-country data on the business environment has rapidly expanded in recent years, including data from the World Bank Group's Doing Business project, Enterprise Surveys, and the Entrepreneurship Snapshots.
