Rodriguez -- chapter 2 Hysteria today / Darian Leader -- chapter 3 Beyond queer? / Anne Worthington -- chapter 4 Necessity and seduction: a section of hysteria / Vincent Dachy -- chapter 5 shades of literary success: the vampire's appeal / Genevieve Morel -- chapter 6 Hysteria, a history / Colette Soler -- chapter 7 ... As if I did not know ... (Allurement) / Vincent Dachy.
Sommario/riassunto	Hysteria, one of the most diagnosed conditions in human history, is also one of the most problematic. Can it even be said to exist at all? Since the earliest medical texts people have had something to say about 'feminine complaints'. Over the centuries, theorisations of the root causes have lurched from the physiological to the psychological to the socio-political. Thanks to its dual association with femininity and with fakery, the notion of hysteria inevitably provokes questions about women, men, sex, bodies, minds, culture, happiness and unhappiness. To some, it may seem extraordinary that such a contested diagnosis could continue to merit any mention whatsoever. Hysteria Today is a collection of essays whose purpose is to reopen the case for hysteria and to see what relevance, if any, the term may have within

contemporary clinical practice.

2. Record Nr.	UNINA9910704628703321
Autore	Anderson R. Bruce

Nota di contenuto	Introduction -- Ethical preliminaries -- Economics -- Justice -- Business ethics -- Conclusion.
Sommario/riassunto	Stakeholder value, corporate social responsibility and sustainability: Are these, and similar, concepts sufficiently clear for fruitful research in business ethics? What is the benchmark to prove their utility? Business Ethics and the Austrian Tradition in Economics is a treatise on the fundamental questions of business ethics and addresses significant shortcomings in the field. It is the result of correlating reflections on phenomena, resulting from an intersection of ethics, economics, methodology, and political and social philosophy. Sparked by the business ethicists' tendency t
