

1. Record Nr.	UNINA9910460876903321
Titolo	Cognitive and behavioural neurology in developmental age // edited by Daria Riva and Sara Bulgheroni
Pubbl/distr/stampa	Montrouge, France : , : John Libbey Eurotext, , 2015 ©2015
ISBN	2-7420-1441-1
Descrizione fisica	1 online resource (186 p.)
Collana	Mariani Foundation Paediatric Neurology Series, , 0969-0301 ; ; 28
Disciplina	612.8233
Soggetti	Cognitive neuroscience Cognition - Physiology Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters.
Nota di contenuto	COGNITIVE AND BEHAVIOURAL NEUROLOGY IN DEVELOPMENTAL AGE; Chapter 1 : The effect of brain lesions/disease on cognition: location/type and treatment; Chapter 2 : Possible pathogenetic mechanisms of epileptic encephalopathies and implications for associated cognitive disorders; Chapter 3 : Cognitive development in Dravet syndrome; Chapter 4 : The neuropsychological profile of childhood focal idiopathic epilepsy syndromes; Chapter 5 : Lesional epilepsies in childhood: neuropsychological and psychopathological aspects Chapter 6 : Cognitive and behavioural aspects of headache in children and adolescentsChapter 7 : Spina bifida: brain and neurobehavioural outcomes; Chapter 8 : Neurocognitive, neuropsychological, and neurovisual development in single-suture craniosynostoses; Chapter 9 : Cognitive and behavioural outcome in children with posterior fossa malformations; Chapter 10 : Brain tumours: how the location of the lesion and treatments affect cognitive function; Chapter 11 : Paediatric anaesthetic and cognitive neurotoxicity; Chapter 12 : Cognitive and behavioural phenotype in intellectual disability Chapter 13 : High-functioning autism spectrum disorders: focus on neuropsychological profilingChapter 14 : Cognitive and language development in children with early focal brain lesions; Chapter 15 :

Neuropsychological profiles in children with spastic diplegia with particular attention to visuo-cognitive abilities; Chapter 16 : Cognition and psychopathology in movement disorders in children; Chapter 17 : Lysosomal storage disorders; Chapter 18 : Cognitive impairment in paediatric multiple sclerosis

Sommario/riassunto

An exhaustive review of a fast-growing discipline: cognitive and behavioural neurology
