Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	"The changes in the practice of surgery have been mirrored by even more dramatic changes in the technology available for the student. Thus, we are grateful to be able to utilize this technology to make the text available electronically via Inkling, making the book available in its complete form via a multitude of digital devices. We are hopeful that the work our contributors have so graciously provided for this edition will be as well received as our previous efforts and that these volumes become a trusted resource for all of those who care for patients with hip problems"--
