Sommario/riassunto	Eight well-known political scientists, economists, and sociologists here explore the interrelationships between the various levels of economic strength and political stability attended by newly emerged nations and the formulation of their foreign policies. These essays provide testimony not only to the importance of these problems, but also to contributions that can be made by various methodological approaches by scholars from the different social sciences. Contributing to the

volume are Rupert Emerson, Benjamin Higgins, Gayl Ness, Ivo and
Rosalind Feierabend, Henry Bienen, Lloyd Jensen, and W
