On the persistence of early loss and unresolved mourning; CHAPTER 3. Interrelationships between internal and external factors in early development: current Kleinian thinking and implications for technique; CHAPTER 4. "'Turning a blind eye'": misrepresentation and the denial of life events; CHAPTER 5. Tolerating emotional knowledge; CHAPTER 6. Psychoanalytic psychotherapy for chronic depression; CHAPTER 7. Notes on a case of paedophilia CHAPTER 8. When is enough enough? The process of termination with an older patientREFERENCES AND BIBLIOGRAPHY; INDEX
Sommario/riassunto	This set of papers, from members of the British Association of Psychotherapists, demonstrates the vitality of the 'Kleinian tradition' in work with adult patients. It is a picture of work from outside the inner

circle of Kleinians in London. And it thus indicates how the concepts have fared in their transport into everyday psychotherapy.
