Sommario/riassunto	Drawing from scholarship across law, history, politics and philosophy, Self-Defence in International and Criminal Law provides a broad and interdisciplinary approach to the doctrine of self-defence in both domestic criminal and international law. It focuses on the requirement of imminence, which deals with the question of when individuals or States may legitimately resort to defensive force against a serious danger or harm. In both national and international law the imminence requirement, if strictly applied, renders any defensive measure taken in anticipation of a would-be attack
