Sommario/riassunto	This book is the first full length account of the significance of MacIntyre's work for the social sciences. MacIntyre's moral philosophy is shown to provide the resources for a powerful crititque of liberalism. His dicussion of the managerist and emotivist roots of modern culture is seen as the inspiration for a critical social science of Modernity

Nota di contenuto	pt. 1. Ancient -- pt. 2. Medieval and modern -- pt. 3. Theory and practice.
Sommario/riassunto	Sects and sectarianism are popular themes in Jewish history, but the meaning of these terms is elusive, often raising more problems than solutions. This volume, drawing on the expertise of a wide range of scholars, examines several Jewish groups from Antiquity to the present day that have been traditionally identified as 'sects' or as 'sectarian', including most famously the Qumran community and the Qaraites. It questions whether 'sect' and 'sectarianism' are appropriate or effective as historical categories for the interpretation of social and religious movements in Jewish history.
