Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	CONTENTS; PART 1. SETTING THE SCENE; PART 2. MOSES AND MIDIAN; PART 3. OUT OF EGYPT; PART 4. THE ROAD TO THE RED SEA; PART 5. DISCOVERING MOUNT SINAI; Epilogue; Bibliography; Acknowledgments; Index
Sommario/riassunto	Did the Red Sea really part before the Israelites? Why didn't the fire consume the Burning Bush? What was the Manna in the Wilderness? The Miracles of Exodus explores the truth about these and all the other Exodus mysteries, including the precise locations of the Red Sea Crossing and the route of the Exodus of the Israelites from Egypt 3,000 years ago. This investigative tour de force explains the Ten Plagues, the true location of Mount Sinai, the ultimate crossing of the Jordan and much more. Colin Humphreys, a distinguished British scientist, uses physics, astronomy, biology and other sciences
