collaboration and the making of the unofficial Soviet artist / Courtney  
Doucette -- Changing dynamics : from international exchanges to  
transnational musical networks / Simo Mikkonen.

---

Sommario/riassunto

"This collection brings together an interdisciplinary array of scholars of  
late socialism in the U.S.S.R. and challenges the dominant narrative of  
stagnation during the Brezhnev era. It demonstrates that the political  
and intellectual class remained ideologically committed, recognized  
systemic challenges, and embarked on a creative search for solutions"
