Soggetti	Children of minorities - Education - New Zealand School improvement programs - New Zealand Education - Research Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Ongoing optimism, persistent pessimism and their roots -- Weighing up the evidence -- Explaining our limitations -- Optimism in the detail -- Problems for an optimist: Matthew effects -- What is being effective?: acceleration and other problems -- Summer learning -- Sustaining change -- Scaling up change -- Nested and coherent systems -- A science of performance -- Notes on a cautious optimism: making more effective systems.
Sommario/riassunto	How can schools be better designed to enable equitable academic outcomes for culturally and linguistically diverse children from communities lacking in economic, political and social power? Putting forward a robust 'science of performance' model of school change based on a specified process of research and development in local contexts, this book:lays out the traditions of optimism and pessimism about effective schooling for at-risk students reviews the international and national evidence for the effectiveness of schools and school systems in reducing disparities in
