Sommario/riassunto

In cinema studies today, rarely do we find a direct investigation into the culture of capitalism and how it has been refracted and fabricated in global cinema production under neoliberalism. However, the current economic crisis and the subsequent Wall Street bailout in 2008 have brought about a worldwide skepticism regarding the last four decades of economic restructuring and the culture that has accompanied it. In this edited volume, an international ensemble of scholars looks at neoliberalism, both as culture and political economy, in the various cinemas of the world. In essays encompassing
