Nota di contenuto	Preliminary Material / J. Bronkhorst -- Chapter One. Introduction: Buddhism Before The New Brahmanism / J. Bronkhorst -- Chapter Two. Brahmanism / J. Bronkhorst -- Chapter Three. Buddhism Confronted With Brahmanism / J. Bronkhorst -- References / J. Bronkhorst -- Abbreviations / J. Bronkhorst -- Index / J. Bronkhorst.
Sommario/riassunto	For many centuries Buddhism and Brahmanism coexisted in the Indian subcontinent. This book concentrates on the way in which the two, after an initial period of relative independence, confronted each other, both in and around the royal courts and in society at large. In this confrontation, Buddhism was strong in philosophical debate, but could not compete with Brahmanism in the services it could provide to the centres of political power, primarily ritual protection and practical advice. Buddhism evolved in both areas, providing practical advice to lay people and rulers from early Mahayana onward, and ritual protection in its Tantric developments. Some of these developments came too late, though, and could not prevent the disappearance of Buddhism from the subcontinent.

Nota di contenuto	Introduction -- Developing a stance : sowing the seeds of sexual subjectivity -- Learning through doing : early exploration and experience -- Validation, affirmation, and encouragement : sexual relationships of consequence -- Self-discovery through role and relationship changes : divorce -- Self-discovery through role and relationship changes : motherhood -- Self-discovery through embodied changes : the physical experience of motherhood -- Self-discovery through embodied changes : aging and menopause -- Self-acceptance.
Sommario/riassunto	Women experience considerable changes in their bodies, lives, and identity between the ages of twenty and seventy, including marriage, motherhood, the dissolution of relationships, and menopause, all of which often impact sexuality. In <i>Deserving Desire</i> , Beth Montemurro takes a wide-ranging look at the evolution of women's sexuality over time, with a specific focus on the development of sexual subjectivity—that is sexual confidence, agency, and a sense of entitlement to sexual desire. Detailed stories of the ninety-five women in this study explore how they become more comfortable with their bodies, when most begin to enjoy sex, feel confident and positive about engaging in it, and how they become sexual subjects in control of their bodies. <i>Deserving</i>

Desire explores the complex multi-stage process in which sexual subjectivity evolves over a woman's lifetime. As girls, they learn about sex and how those around them-parents, peers, religion and media-regard sex. Physical and emotional transitions such as having a baby or ending a relationship further affect women's sexual confidence and desire. Montemurro emphasizes that sexual subjectivity is about feeling in control of sexual decision making and acting purposefully and confidently. Though adolescent sexuality has been a major focus of sociological research, few studies have examined, as Montemurro does here, the development of sexuality through women's lives and the events that change the way women feel about themselves, their bodies, and their relationships.
