| Nota di contenuto | pt. 1. Darwin and Freud -- pt. 2. Some biological principles for psychoanalysis -- pt. 3. Evolutionary scenarios for the emotion-processing mind -- pt. 4. The emotion-processing mind as a Darwin machine. |
| Sommario/riassunto | In attempting to unify psychoanalytic and evolutionary theories, Langs offers a concise account of the most current versions of Darwinian and neo-Darwinian theory. He then develops the argument that the emotion processing mind is an organ of adaptation that has evolved by natural selection. |
