Sommario/riassunto	Communicating Conflict brings together a collection of multilingual case studies drawn from the international media. The contributors use

methodologies drawn from Critical Discourse Analysis and Systemic Functional Linguistics to explore how these texts overtly or covertly advance particular value positions and world views. They pay particular attention to how the reader is positioned with respect to the events being described, and, using appraisal theory, the various voices which are referenced by the text. This book is a timely examination of the reporting of conflict around the world. It
