Sommario/riassunto	During the 1980's and 1990's, financial sectors were the Achilles' heel of economic development in Latin America and the Caribbean (LAC). Since then, these sectors have grown and deepened, becoming more integrated and competitive, with new actors, markets, and instruments springing up and financial inclusion broadening. To crown these achievements, the During the 1980's and 1990's, financial sectors were the Achilles' heel of economic development in Latin America and the Caribbean (LAC). Since then, these sectors have grown and deepened,
