Sommario/riassunto	The second edition of Jeremy Black's War has been completely revised in the light of recent events in Iraq and Afghanistan. Jeremy Black's book prophetically explores the realities of war in a globalized world where growing prosperity can increase the likelihood of conflict and American power is likely to be increasingly challenged. In his five new chapters Black conducts his argument in terms of New World Disorder, specifically the failure of Western models of globalisation to engage support. There is extensive discussion of military structures in the West, as they are `reconfigured` to take
