Nota di bibliografia Includes bibliographical references (p. 209-246) and index. Nota di contenuto pt. 1. Energy's link to domestic and foreign policies -- pt. 2. Russian foreign and energy relations with NIS net exporters -- pt. 3. Russian export policy and relations with transit countries. This book provides an original and thoroughly academic analysis of the Sommario/riassunto link between Russian energy and foreign policies in Eurasia, as well as offering an interpretation of Russia's coherence on the international stage, seeking to understand Russia and explain its behaviour. The authors analyse both energy and foreign policies together, in order to better grasp their correlation and gain deeper understanding of broader geopolitical issues in Eurasia at a time when things could go either way-towards producers or towards consumers. Questioning the concept of 'energy deterrence' w
