## Sommario/riassunto

Changing the News examines the difficulties in changing news processes and practices in response to the evolving circumstances and struggles of the journalism industry. The editors have put together this volume to demonstrate why the prescriptions employed to salvage the journalism industry to date haven't worked, and to explain how constraints and pressures have influenced the field's responses to challenges in an uncertain, changing environment. If journalism is to adjust and thrive, the following questions need answers: Why do journalists and news organizations res
