Sommario/riassunto	For those considering adopting team teaching, or interested in reviewing their own practice, this book offers an over-view of this pedagogy, its challenges and rewards, and a rich range of examples in which teachers present and reflect upon their approaches. The interaction of two teachers-both the intellectual interaction involved in the design of the course, and the pedagogical interaction in the teaching of the course-creates a dynamic environment that reflects the way scholars make meaning of the world. The process naturally breaks down the teacher-centered classroom by creating a scholarl
