Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (pages 160-161) and index.
Nota di contenuto	Discovery -- Heuristics -- Justification -- Observation -- Experiment -- Realism -- Anti-realism -- Independence -- Gender bias -- Appendix : where we've been and where to go for more.
Sommario/riassunto	Key Concepts in Philosophy is a series of concise, accessible and engaging introductions to the core ideas and subjects encountered in the study of philosophy. Specially written to meet the needs of students and those with an interest in, but little prior knowledge of, philosophy, these books open up fascinating, yet sometimes difficult ideas. The series builds to give a solid grounding in philosophy and each book is also ideal as a companion to further study. The philosophical questions raised by the history and practice of science are among the most complex and stimulating. The philosophy of.
