Sommario/riassunto	With a new foreword by David E. Aune This modern classic by Colin Hemer explores the seven letters in the book of Revelation against the historical background of the churches to which they were addressed. Based on literary, epigraphical, and archaeological sources and informed by Hemer's firsthand knowledge of the biblical sites, this superb study presents in the clearest way possible a picture of the New Testament world in the later part of the first century and its

significance for broader questions of church history.
