Sommario/riassunto

Migration is an inescapable issue in the public debates and political agendas of Western countries, with refugees and migrants increasingly viewed through the lens of security. This book analyses recent shifts in governing global mobility from the perspective of the politics of citizenship, utilising an interdisciplinary approach that employs politics, sociology, anthropology, and history. Featuring an international group of leading and emerging researchers working on the intersection of migrant politics and citizenship studies, this book investigates how restrictions on mobility are not only
