| Note generali           | Description based upon print version of record.  |
| Nota di contenuto       | Contents; Introduction; 1. Numbers and the number system Teachers' notes; 2. Calculations Teachers' notes; 3. Solving problems Teachers' notes; 4. Handling data Teachers' notes; 5. Measures, shape and space Teachers' notes   |
| Sommario/riassunto      | How can teachers help parents to get involved with their children's learning? Maths at home is full of activities designed to fit in with the Key Stage 2 Numeracy topics. Teachers can photocopy the appropriate sheet and send it home for parents and children to work on together. Each activity has a set of explanatory notes for teachers and a photocopyable worksheet. Instructions to parents are clearly presented, |

with resources listed. The activities are practical and enjoyable, covering everyday mathematical tasks, such as calculating shopping bills, estimating quantities and looking at timetab
