Nota di contenuto	Introduction : Canada and it's Americas / Winfried Siemerling and Sarah Phillips Casteel -- Defending the nation? -- Indigenous remappings of America -- Postslavery routes -- Quebec connections.
Sommario/riassunto	"The chapters in this volume, a groundbreaking work in the burgeoning field of hemispheric American studies, expand the horizons of Canadian and Quebecois literatures, suggest alternative approaches to models centred on the United States, and analyze the risks and benefits of hemispheric approaches to Canada and Quebec." "Revealing the connections among a broad range of Canadian, Quebecois, American, Caribbean, Latin American, and diasporic literatures, the contributors critique the neglect of Canadian works in Hemispheric studies and show how such writing can be successfully integrated into an emerging area of literary inquiry. An important development in understanding the diversity of literatures throughout the western hemisphere, Canada and Its Americas reveals exciting new ways for thinking about transnationalism, regionalism, border cultures,

and the literatures they produce."--pub. desc.
