| Sommario/riassunto      | A volume of collected papers by one of the most prominent thinkers on psychoanalytic processes in organisations. The papers in this collection span two-and-a-half decades and address some of the most difficult, complex, and paradoxical aspects of the human condition.                                                                                                                                                                                                                                                                                                                                                       |
