   Note generali   Description based upon print version of record.

   Nota di contenuto pt. 1. An overview of the Japanese language -- pt. 2. The building
                      blocks: sounds into words -- pt. 3. Words into sentences -- pt. 4.
                      Sentences into script.

   Sommario/riassunto A lively introduction to the Japanese language in accessible prose. Not
                      a language-learning tool per se, but rather an engaging and
                      demystifying overview of Japanese from linguistic, historical and social
                      perspectives. Excellent for students, travelers, armchair linguists, and
                      anyone interested in Japanese culture.
