	Autore	Agrawal Govind P
	Titolo	Nonlinear fiber optics [[electronic resource] /] / Govind P. Agrawal
	Pubbl/distr/stampa	Amsterdam, : Academic Press, 2013
	ISBN	0-12-397307-4
	Edizione	[5th ed.]
	Descrizione fisica	1 online resource (653 p.)
	Collana	Optics and Photonics
	Disciplina	621.3692
	Soggetti	Fiber optics Nonlinear optics Electronic books.
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	Description based upon print version of record.
	Nota di bibliografia	Includes bibliographical references and index.

Sommario/riassunto	Since the 4e appeared, a fast evolution of the field has occurred. The 5e of this classic work provides an up-to-date account of the nonlinear phenomena occurring inside optical fibers, the basis of all our telecommunications infastructure as well as being used in the medical field. Reflecting the big developments in research, this new edition includes major new content: slow light effects, which offers a reduction in noise and power consumption and more ordered network traffic-stimulated Brillouin scattering; vectorial treatment of highly nonlinear fibers; and a brand new chapter o
