1.	Record Nr.	UNINA9910461802903321
	Titolo	What is a context? [[electronic resource]] : linguistic approaches and challenges / / edited by Rita Finkbeiner, Jorg Meibauer, and Petra B. Schumacher
	Pubbl/distr/stampa	Amsterdam ; ; Philadelphia, : John Benjamins Pub. Co., 2012
	ISBN	1-283-89483-1 90-272-7321-9
	Descrizione fisica	1 online resource (261 p.)
	Collana	Linguistik aktuell = linguistics today ; ; v. 196
	Altri autori (Persone)	FinkbeinerRita MeibauerJorg SchumacherPetra B
	Disciplina	401/.43
	Soggetti	Context (Linguistics) Semantics Electronic books.
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	"This volume is a collection of original papers on the notion of context in linguistics. Six of the ten articles are based on papers presented at a Workshop on Context, held in February 2011 at the Annual Meeting of the German Linguistics Society (DGfS) at the Georg-August-University Gottingen, Germany."
	Nota di bibliografia	Includes bibliographical references and index.
	Nota di contenuto	pt. I. Linguistic perspectives on context -- pt. II. Case studies on context.
	Sommario/riassunto	Recent work on numerically-quantified expressions has aimed to identify which components of their meaning are semantic and which are pragmatic. Pragmatically-oriented accounts assign a crucial role to contextual factors, such as the level of information requested in the preceding discourse and the availability of certain expressions to the speaker at the time of utterance. However, these models are typically imprecise as to which factors are relevant and how they interact. We discuss a recent proposal that treats numerical quantifier usage as a problem of multiple constraint satisfaction, and
